COMMUNIQUE # 11 – CONTAINER LOGISTICS

August 13th, 2011

Dear Participant,

This is important information to assist you in relation to landing and unloading your containers in Fremantle for the Event. DB Schenker is our Official Freight Forwarders and have significant experience in sport events. Please consider getting a quote for your container movements from DB Schenker.

All containers are to arrive at Fremantle Port. A representative of the team must be present in order to complete the container Australian Quarantine & Inspection Service (AQIS) inspection and unloading.

If your container arrives before your team representative then you will need to make arrangements with your freight forwarder for transport and storage until you arrive. Please note that detention, storage and transport fees may apply. Containers cannot be stored at the Perth 2011 Leighton Trailer and Container Storage Yard prior to AQIS inspection.

All containers will be inspected and unloaded at the Container Unloading Area located at 4 Mews Road, Fremantle. A Team representative must be present during this activity. DB Schenker will be handling all container movements into and out of the unloading area and will be coordinating inspection times with AQIS. If you are using another freight forwarding company they will need to complete the attached booking form to request a date and time slot to have the containers delivered to the unloading area.

DB Schenker will then allocate a date/time for your freight forwarder to have the containers delivered to the yard for AQIS Inspection and for your unloading. For teams using DB Schenker you will not need to complete the attached form. You will have a date/time allocated by DB Schenker and agreed by you.

After AQIS inspection you will be required to unload your container immediately and take all equipment to your pre-event training location. If you require assistance with this process please contact Perth 2011 to see what can be done. Containers can then be returned to the freight company or stored at the Perth 2011 Leighton Trailer and Container Storage Yard.

There will be no storage of any containers or equipment at the Perth 2011 Container Unloading Yard at Mews Road.

For teams using DB Schenker, B/Lading to be addressed as follows:

CONSIGNEE:

<Insert name.> Sailing Team
C/O Perth 2011 ISAF Sailing World Championships
Fremantle WA 6160

NOTIFY:

DB Schenker Australia Pty Ltd
ATTN: Paul Pragnell – Sports Events Manager WA
919 Abernethy Road
Forrestfield WA 6058

For teams using another freight forwarding company, please contact your local representative for B/Lading instructions.

At the conclusion of the Event, all packing of containers will occur at the Perth 2011 Leighton Trailer and Container Storage Yard. DB Schenker will be coordinating this facility and process. Further information can be obtained during the Event from the DB Schenker information centre located near the Worlds Village.

Please contact Carlyne Bush Carolyne.bush@perth2011.com if you have any further questions.

Yours sincerely,

John Longley AM
Event Director
